Miss Hartzell:

Dear Cousin:

Your kind favor before me Had looked for a letter so long and had entirely given it up. but was agreeably surprised on receiving it, I have not heard from Alice for some time dont know why she dont write. am glad to hear Aunt is better hope she may get all her trouble adjusted satisfactorly Surely you must have been very busy at home to attend so many fairs — I have not been to a fair for ten years — There is no attraction at such gatherings for me — I went to see "The Last Days of Pompii, at Quincy —
